List of Tables.....	VII
List of Figures	IX
Abbreviation	XI
Introduction.....	13
Motivation	13
Aim of the Dissertation	15
Structure of the Dissertation.....	16
Research Questions	17
Limitations und Delimitations.....	18
Summary	19
Knowledge Management and Competence Models.....	20
Holistic View of Knowledge and Knowledge Management.....	20
Differentiation of Competence Models.....	24
Definition of the Concept Competence and its Origin.....	24
Influencing Factors and Quality Criteria for Competence Methods.....	27
Introduction of Different Competence Methods.....	28
Cluster Analysis for Selected Competence Methods.....	37
Choosing a Competence Method	39
Summary	40
Educational concepts and theories in Andragogy	41
Theoretical Derivation of Educational Concepts and Theories.....	41
Analysis of Learning Theories and Teaching Concepts in Literature	42
Learning Theories in Literature.....	42
Contemporary Learning and Teaching Concepts.....	60
SOLO and Blooms Taxonomy in Knowledge Creation.....	62
Exhaustive Inference of Educational Concepts and Learning Methods in Adult Education	69
Summary	72
Technology Enhanced Learning Concepts	75
Concepts of Technology Enhanced Learning.....	75
Simulation	76
E-Learning and Web 2.0 Technologies	77
Blended Learning	79
Mobile Learning.....	79
Bodily Kinaesthetic Learning.....	80
Summary of Concepts of Technology Enhanced Learning Methods.....	82
Dependencies of Learning and Technology Enhanced Learning Concepts...	90
Summary	92

Empirical Case Study of Dependencies in Adult Education and Contemporary Learning Methods.....	99
Defining a Research Approach.....	99
The Case Study Research Method and choosing the Mixed Method Research Design and Research Methodology.....	104
Mixed Method Design Specification	105
The Research Methodology of the Case Study Research Method.....	109
Criteria for Judging the Quality of a Research Method.....	112
Theoretical Derivation and Goal Definition for the Case Study Research ...	116
Goal definition for the Case Study Research.....	116
Preselection and Defining of Objects for the Case Study Research	119
Practical Realisation of the Case Study Research.....	151
Realisation of Instruments for the Case Study	155
Summary	166
Evaluation of the Case Study Data Analysis.....	167
Preparation and Definition of the Data Analysis.....	167
Case Study Data Analysis	170
Pilot Case Study Data Analysis.....	170
Experimental Group Case Study Data Analysis	181
Control Group Case Study Data Analysis.....	191
Comparison of Experimental Group and Control Group	196
Summary	204
Drawing an Overall Conclusion of the Evaluation of the Data Analysis and Interpretation.....	205
Summary and Prospects for Further Research	209
